

## Rules for allocation of M-modules via LSF for the winter semester 2023/24:

- The M-Modules will be given **in 3 consecutive phases**.
- The LSF system checks your course of study: only students **enrolled** in the following courses of study can take a M-Module place:
  - B. Sc. Biologie International/ B. Sc. Biochemie PLUS
  - M. Sc. Biologie – zweijährige Variante
  - M. Sc. Biochemie
  - M. Sc. Biochemistry International
- In Phase 1 and Phase 2 you can **occupy one M-module (2 in total)**, if you have not yet completed three M-modules (see notes below in the red box). You are **admitted directly** to the module (status ZU).
- In both phases, the "Restplatzvergabe" booking procedure is used. However, an allocation is only possible until the respective maximum number of participants has been reached. This means that you should try to get your places as soon as possible after the booking phase 1 or 2 starts. You can find more info on booking procedures here: <https://wiki.hhu.de/display/LSF/Belegungsfristen+und+Belegungsverfahren>
- An exception is the new module ***4474 -Integrative Topics in Life Science (ITILS)***. Here you can specify priorities in the period from **Sept. 18-Oct. 01**. The timepoint of your choice does not matter. The week after, you will receive feedback in the LSF whether you have been admitted. If not, you can try to take remaining places of the module on **7.10**. More information about the module can be found here: <https://www.biologiestudium.hhu.de/master-biologie/m-modul-itils>
- In the last phase you can register for M modules, but you are **not directly admitted** to the module. After the last phase, the lecturers decide on admission to the module. For example, you can choose another module or be put on the waiting list for a module that is already fully booked.

•  
Only for 4474 ITILS: Priority procedure: **18.09.-01.10.** and on **07.10.** remaining place allocation.

### **Phase I: 02.10.2023 (9:00 am) until 04.10.2023 (06:00 pm)**

Direct enrollment, 1 M-module can be taken

### **Phase II: 09.10.2023 (9:00 am) until 10.10.2023 (06:00 pm)**

Directly enrollment, a total of 2 M-modules can be taken

### **Phase III: 13.10.2023 (9:00 am until 06:00 pm)**

Registration phase

**Centrally via LSF only 3 M-modules are assigned to each Master student:**

- Students who have already completed 3 M-modules can only register for modules in the last phase. The lecturers decide on admission.
- Students who have completed 1 M-Module may choose 2 M-Modules\*\*
- Students who have already completed 2 M-Modules may only choose 1 M-Module\*\*.
- \*\*Note: Technically the number of selected modules cannot be checked. If two M-modules were selected, although only one module should have been selected one module is manually removed from the selection before the registration phase.
